## Submission points

Plan section	Provision	Support/oppose	Reasons	Decision sought
Sites and Areas of Significance to Māori	SASM	Oppose in part	1/ or has been public ally stated that local IWI did not want to impinge upon private property 2/ if part of my property remains within SASM68, then any notification onto the LIM report of my property will adversely effect the valuation. 3/ After owning and living at this property for over 30 years, there has not once been any indication that my private property is/ was of significance to Māori. 4/ Initially there was an error made with the mapping overlay, this has been corrected to a degree, removing the properties behind( east of us) from SASM68, surely if these properties were deemed suitable to be removed, then the properties along the front should all be completely removed as well	Eastern boundary of SASM68 be moved to the western side of Main South Road, Gladstone, ( state highway 73) to exclude all private property on eastern side of highway
