SCHED 3: SITES AND AREAS OF SIGNIFICANCE TO MĀORI	SASM 68	Oppose	<ol style="list-style-type: none">1. In 30 years of living here there has never been a mention of our property or the state highway being on significance to Māori.2. If this notification is left unchanged then the LIM report relating to our private property will have a notification placed unfairly on it, which in turn will effect the valuation of our property.3.why is our property at the front any different to the property directly behind us, that has now been removed because of the mapping error.4. We have been verbally advised by the West Coast Regional Council that there had been an error including our property and that it would be rectified and our property would be amongst those removed from sasm 68.	I would like to see the eastern border area of sasm68 moved to the lwi suggested position, being the western side of state highway 73 Main South Road Gladstone. At present the TTPP shows sasm68 encroaching upon the first 15 to 20 metres of our private property. Why is the State Highway also included in sasm 68. It makes no sense that Either of these notified areas are included in sasm68
