General Rural Zone	GRUZ - R12	Oppose	<p>1. Negative impact on our natural environment. To - wildlife - residents - tourism business of which we are included in</p> <p>2. There needs to be more control over mining activity so close to residents and reserves.</p>	To remove GRUZ - 12.

[General]	[General]	Oppose	<p>We have recently settled here and we belong to an environmental preservation group and providing accommodation for holiday makers and visitors. This area is a popular destination for visitors who enjoy the peace and stunning natural environment on offer.</p> <p>This mining would turn people away from our business. For the same reasons it will impact us as residents here.</p> <p>If it was permitted the noise would impact the wellbeing of residents. I moved from where we were for that very reason.</p> <p>It is important to protect and enhance the wildlife which is rich in this area with kiwi etc. Mining directly adjacent to precious habitat and homes is irresponsible and detrimental for enjoyment of day to day living. Previous applications by Barryton JV have failed as the adverse affects on environment and community were found to be more than minor.</p> <p>"The MINZ - Mineral Extraction Zone covers areas where there are discrete, long term mineral extraction activities that are currently authorised. This authorisation is from three different mechanisms and includes:</p> <p>Coal mining licences under the Coal Mines Act (1979); Ancillary coal mining licences under the Coal Mines Act (1979); and Resource consents issued under the Resource Management Act (1991)".</p> <p>The MINZ in Barrytown is not supported by nearly all residents. And the overview requires the MINZ have</p>
			<p>To prevent large scale, ongoing mining activity in Barrytown. I am not opposed to small scale, private ativity.</p>
			<p>To remove the proposed MINZ from Barrytown.</p>
