General District Wide Matters	General District Wide Matters	Amend	Health of residents.	The air quality in Kaniere is poor during the winter. I feel it is time that the rules about ultra low emission burners were strengthened on the west coast. People are burning coal and other low quality fuels. You can't open a window at night in Kaniere. You can not walk around outside in comfort. The smoke than proceeds down over Hokitika, and out to sea. This situation of air quality needs to be addressed and quality needs to be monitored.
[General]	[General]	Amend	Health of residents	strengthen air qualit
