[General]	[General]	Oppose	<p>53 Anderson Lane, OKURU, Haast Natural Hazards/ Overlay I strongly oppose this new plan in the TTPP My submission: I would like the Coastal Severe overlay "high risk" be removed and changed to only Coastal alert, like everyone else in Okuru village. We feel COASTAL SEVERE means you have no protection or mitigation of risk in place. We have 2 properties in Okuru village & believe we have excellent protection from our Rock Sea Wall which surrounds Okuru village. It has obviously proved itself and it works well. Built in 2000 our Sea Rock wall has only needed minor repairs over the last 22 years. Our funds in our OKURU RATING DISTRICT ACCOUNT cover any work that needs to be done in the future from river erosion. This is a asset of WRC and is managed by the WRC and that can't be ignored by Niwa or the WDC. We have a Estuary in front of our sections "village" & then out from that a Spit, which is a natural barrier from the sea. We also have "Open Bay Islands" (Taumaka Island) which sits out from Okuru. These Islands also protects us & disperses the high seas further south and North of Okuru. Thank you Regards Sue Templeton</p>	<p>NATURAL HAZARDS / OVERLAYS</p> <p>Coastal Severe overlay "high risk" be removed and be changed to Coastal Alert</p>
