Natural Hazards	All Natural Hazard Overlays	Oppose	I think that where we live 55 Johnston Cresnet Okuru should be on the same alert level as the rest of Okuru Village ( Coastal Hazard Alert ), we are all situated on the same ground level and houses are back to back.	<b>Coastal Hazard Severe</b>
Sites and Areas of Significance to Māori	Sites and Areas of Significance to Māori	Oppose	I am the fifth generation west coaster, my family settled in the Haast area. There were no Maori living in the area at that time as there was not a lot of shelter against the weather for them. I am worried that this is going to just make everything harder and a whole lot more costly in the future for all residents in the area as far as building work etc. MONEY-GATHERING VENTURE.	<b>Proof of Significance</b>
Coastal Environment	Coastal Environment	Oppose	I understand that our environment is changing and i am unsure of what the future holds, but as a resident of Okuru Haast I feel that we are doing the best that we can in our village - we funded a ROCK WALL we have in the Okuru managed by Westland Regional Council - Rating District acc., which pays to maintain the rock wall. - Open Bay Island is positioned straight in front of Okuru which also helps to protect us from high seas coming into our shoreline. - A Sandspit and Estuary in front of Okuru.	<b>Coastal Natural Character</b>
