Please give notice when we can meet to discuss these issues raised to:

I wish to be heard on this matter.

It is my WILL that this Plan does not pass. I will not submit to it

As a native of this country and someone who would be directly affected by the proposal I can say that this Plan, as it stands threatens my existing use, rights, and enjoyment of my own land.

I have read and do not understand the proposed Te Tai o Poutini Plan. This proposal seems to contain errors and has not followed due process.
