Submission points

Plan section	Provision	Support/oppose	Reasons	Decision sought
Whole Plan	Whole plan	Oppose	I believe this plan further restricts what private landowners' can do with their property. Currently, approximately 85% of the West Coast land area is under DOC stewardship and this plan if imposed will change that to approximately 92.5%. Perhaps the Government or Ngai Tahu could purchase the properties they want to control and then do whatever they choose to with the land.	Removal of entire plan in it's proposed form.
Sites and Areas of Significance to Māori	Sites and Areas of Significance to Māori Objectives	Oppose	I have neither received nor been informed of why my property has been classified as being of significance to Maori. I attended a public meeting in Hokitika and when I asked the attending Planners and Project Manager why my property was of significance to Maori they did not know and recommended that I talk to the relevant iwi. I believe this is a seriously flawed process and I am totally opposed to it.	Removal of SASM Classification
