[General]	[General]	Oppose	I oppose the decision to have a broad map to class a whole district under a flood plain. In specific classing my whole farm, under a flood plain classification. My farm starts at the Ikamatua Highway and boundaries the National Park. The change in elevation and metres above sea level have not been taken into account. The implications of this is huge to an already hard area to farm. Implications like insuring buildings in a flood plain classified area or even trying to build new infrastructure to get planning consent. This will restrict our business in the future	To remove the broad classification of a flood plain. Especially in the Mawheraiti area, map #41
