

Online submission

This is a submission that was made online via the Council's website.

Submitter No.	S394
Submitter Name	Margaret Williams
Submitter first name	Margaret
Submitter middle name	Lois
Submitter surname	Williams
Submitter is contact	Yes
Email	glacierhornedhereford@xtra.co.nz
Wish to be heard	No
Joint presentation	No
Trade competition	I could not gain an advantage in trade competition through this submission.
Directly affected	N/A
Withhold contact details?	No

Plan section	Provision	Support/oppose	Reasons	Decision sought
HCV - Historical and Cultural Values	HCV - Historical and Cultural Values	Amend	<p>Our submission relates to property Lot 1 DP 336229 BLK IX Gillespies SD, Valuation no. 2580064104 as being within a site or Area of Significance to Maori under TTPP.</p> <p>We oppose the area as stated and shown on the map plan SASM139 as being in the wrong place.</p> <p>The Auckland Weekly News on 14/10/1936 wrote the following piece re the Maori presence at Gillespies Beach. PLEASE NOTE this was before everyone had an axe to grind and Auckland in the 1930s didn't care enough about Gillespies Beach to falsify what they learned from research about Gillespies Beach from Ngai Tahu. "The north end of Gillespies Beach was a favourite camping place with the Maori on their periodical tours along the coast from Arahura. Here were plentiful food supplies and also good fishing."</p> <p>This end is where you find seals on the beach and plentiful fish in the lagoon.</p> <p>This area is NOT even on your map.</p> <p>The Gillespies beach area was worked over several times by gold seekers, the last extensive working was being the dredge that covered the area finishing in the 1950s. There was nothing found noting Maori occupation anywhere along the rest of the beach.</p> <p>We, the Williams Family of Fox Glacier, have held our land at Gillespies Beach since the 1880s when the Williams brothers arrived there as schoolteachers until present day.</p> <p>We would like to propose that the southern boundary of your plan, which at the moment follows the present-day roads, which were NOT historical, be moved north by at least 500m. This would take all free-hold land out of the plan, ensuring peace of mind for the landowners in case later designation of the land be changed to Maori ownership. We also propose that the northern boundary be extended to the lagoon where the Maori people actually camped.</p> <p>We would like it noted that the area should continue to always be available for people to walk and see the historical aspects of the area.</p>	To have the southern boundary of the plan moved at least 500m north of its current position and have the northern boundary moved further north to take in the northern end of Gillespies Beach and the lagoon area.

ZONES	ZONES	Amend	<p>Our submission relates to property Lot 1 DP 336229 BLK IX Gillespies SD, Valuation no. 2580064104 as being within a site or Area of Significance to Maori under TTPP.</p> <p>We oppose the area as stated and shown on the map plan SASM139 as being in the wrong place. We also propose that the northern boundary be extended to the lagoon where the Maori people actually camped.</p> <p>We would like it noted that the area continue to always be available for people to walk and see the historical aspects of the area.</p>	<p>The Southern boundary on plan SASM139 be moved north by 500m, thus excluding land held in freehold, and removing any future headache if land designation should change. The Northern boundary be moved to the Northern end of the beach including the lagoon area.</p>
