Te Tai o Poutini
PLAN
A combined district plan for the West Coast

Stevenson Mining Limited (SML) – Submission on the Proposed Te Tai o Poutini Plan

PLAN SECTION	PROVISION	SUPPORT/OPOUSE	REASONS	DECISION SOUGHT
Part 2 – District-Wide Matters, Te Wāhanga 2 – Ngā Kaupapa ā-Rohe Whānui				
Strategic Direction – Te Pae Tawhiti <ul style="list-style-type: none"> ▪ MIN Mineral Extraction – Te Tango Kohuke 	MIN-O1 – MIN-O6	Support	SML generally supports the objectives in this section. Given the importance of minerals to the West Coast region it is vital that they are fully considered within the proposed plan. The mineral extractive sector generates a significant contribution to the social, economic and environmental wellbeing of the West Coast and New Zealand.	No changes to the strategic objectives are sought.
Part 3 – Area-Specific Matters – Te Wāhanga 3 – Ngā Take a Ia Rohe				
SPZ – Special Purpose Zones – Ngā Takiwā mō Kaupapa kē <ul style="list-style-type: none"> ▪ MINZ – Mineral Extraction Zone – Te Takiwā Tango Kohuke 	Overview	Support	SML considers the Mineral Extraction Zone an appropriate mechanism to include “discrete, long term mineral extraction activities that are currently authorised”. SML supports the statement that “mineral extraction has a functional need to occur where the mineral resource is located”.	No changes to the Mineral Extraction Zone Overview section are sought.
	MINZ-O1, -O2 and MINZ-P1 – MINZ-P8	Support	SML generally supports all Mineral Extraction Zone objectives and policies.	No changes to the Mineral Extraction Zone objectives and policies are sought.
	MINZ-R8, MINZ-R9, MINZ-R10	Support	SML generally supports these proposed Mineral Extraction Zone rules.	No changes to these Mineral Extraction Zone rules are sought.
	MINZ-R1, MINZ-R2, MINZ-R3, MINZ-R6, MINZ-R7	Oppose	SML opposes the wording of the Advice Note that states “where an activity subject to this rule is located within an Overlay Chapter area then compliance with the relevant Overlay Chapter rules is required.” Overlays should be matters to have regard to for activities in the zone rather than having to be complied with.	Change the wording of this Advice Note from “compliance with” to “have regard to”.
Te Tai o Poutini Plan Maps				
Buller Zoning Mapbook	Map 27	Oppose	SML supports the inclusion of the Mineral Extraction Zone at Te Kuha. However, the access road to the mine area has not been included and will need to be added.	Add the access road to the Mineral Extraction Zone at Te Kuha.
