

9th November 2022

In response to the proposed  
T.T.P.P.

When I bought my property I was not informed, neither did I know that there would be anyone else except myself who would have any jurisdiction over my property that I have paid for myself.

It has taken time and my entire lifetime and earnings to pay for this.

Who has given the authority to you and the district council and to this obscure T.T.P.P. to have any authority over our lands what so ever at all?

Please answer this question truthfully.

Yes I shall take the opportunity to speak.
