Subdivision	Subdivision	Amend	<p>I am have a small subdivision underway down Marsden Road to allow me to build next to my mum. It is going slower than expected due the the workload of the surveyor slowing down our submission (7 months on and still not done groundwork..). Changing the minimum subdivision size would mean that we couldn't divide up our family land as planned. The 1HA is still plenty of room for house/lifestyle, but 20HA is too much.</p> <p>Also I am directly affected but the online form only lets you write NA....???? and provides no other options</p>	I would like the minimum subdivision size for rural land to remain at 1HA rather than increase to 20HA
How The Plan Works	Rural Zones	Oppose	I have subdivision in rural area being processed now under old plan. Concerned it might not be finished in time if minimum size changes	keep minimum subdivision size of rural property at 1ha
