Mineral Extraction Zone	Mineral Extraction Zone	Support	<p>There is an existing mineral extraction zone in Barrytown that is located around historic mining blow up holes. The area mentioned above has also historically been dredged for gold.</p> <p>Due to the historic dredging of this land, it is of low environmental value. This area has a low population, with limited land owners. There are still significant economic mineral reserves in this areas.</p>	For the Barrytown Mineral Extraction Zone to include all the area from Cargill Road to Canoe Creek, from the State Highway down to the sea.
