

ACTIVITIES ON THE SURFACE OF WATER

Rule 2

1. Following the Hearing process, Poutini Ngāi Tahu (PNT) has considered the Presentation Statement from Jet Boating New Zealand (JBNZ) concerning the New River/Kaimata. In short, JBNZ requests that this waterway be available for recreational jet boating as a Permitted Activity via an amendment to Rule 2 of the ASW chapter of the Proposed Combined District Plan.
2. Following this consideration PNT has issued a further Statement of Evidence dated 5 March 2024.
3. We note that Poutini Ngāi Tahu is agreeable to recreational jet boating activities on the New River/ Kaimata above the state highway bridge and considers that these activities will not have more than minor effects. This perspective is pleasing.
4. JBNZ wishes to support this further Statement of Evidence from PNT dated 5 March 2024.
