S377.010	Trevor Hayes	MINZ	Amend	Develop new MINZ rules relating to the management of sand mining activities in support of MINZ - O2. Rules should provide for HMC mining as a Discretionary activity. Rules should include No night-time truck movements where the trucks pass within 40m of houses on RLZ properties. E.g. no heavy truck movements between 11 pm and 6 am [as currently for milk tankers]. Maximum allowable daily heavy truck movements be established for a road (or sections thereof) at the time of granting the first mining consent application using that road. Allowable truck movements for subsequent applications will be limited to the designated maximum allowable truck movements minus the existing consented daily truck movements from other mine sites. Consent applications should be widely notified.	Reject
