

Mark Dixon on behalf of Ridgeline 3 Investments Limited (S127) response:

The decision made by Ridgeline is to allow all documents to become public. I also note "Minute 26 " received today (8th May), which seeks to clarify "Victorian Title", I may be able to assist.

In my "Statement of Evidence" there are several links on the subject. . There are a number of considerations to claim "Victorian Title" not having a legal definition. Ridgeline is unique as it has supporting statute and mining privilege. Happy to talk directly to your planner and provide evidence(i.e. letters from the Minister before and after the vesting). In relation to other submitter claims, a full mineral investigation with supportive evidence would need to be provided.
