My submission:

(Include whether you support or oppose the specific provisions or wish to have them amended, and the reasons for your views.)

I oppose the TTRP. I find the process of the TTRP to be most undemocratic. The information provided by the West Coast Regional Council (WCRC) has the heading "Technical Information" so that an informed submission can be made. I understand that the modeling has been established using the worst case scenario possible.

The TTRP is not based on science that has been substantiated by any reputable institution. For the WCRC to inform rate payers of this significant change to their properties not being based on any credible science is good smacking.

If the WCRC wants to make a change to the RMA this needs to be done in a democratic way and based on real science.

The time constraints on making a submission on the TTRP is very short when the WCRC has already spent significant time, resources and money in completing their assessment.

The process used by the WCRC has not provided me with an confidence that the council is working in the interests of the rate payers.

Do not redact or modify my submission in any way.

Please acknowledge receipt of this submission.

(Please feel free to use additional sheets)

I would like the following decision(s) to be made with respect to this Variation:

The TTPP needs to be based on credible science.

(Please feel free to use additional sheets)

All submitters have the opportunity to present their submission to Commissioners during the hearing process. Please indicate if you wish to speak to your submission

I wish to speak to my submission

I do not wish to speak to my submission

(please note that with this option you will receive less correspondence in relation to the hearings but you can keep up to date on the TTPP website)

If any others making similar submissions wish to be heard:

Yes, I would consider presenting a joint case with them

No, I would prefer to present my own individual case

Enquiries

All enquiries regarding this Variation or the TTPP in general can be addressed to Doug Bray, Senior Policy Planner, TTPP Team, West Coast Regional Council, Ph (03) 768-0466 Ext 9109 or 0508 800 118 or info@tttp.nz.

Public information

All information contained in a submission under the Resource Management Act 1991, including names and addresses for service, becomes public information. The content provided in your submission form will be published on the Te Tai o Poutini Plan website and available to the public.

Validity of Submissions

Please note that submissions may be struck out in whole or in part if authorities (including Council staff, Independent Commissioners or Legal authorities delegated jurisdiction with respect to such decision-making) deem any submission partially or entirely:

- Is frivolous or vexatious in its content;
- Discloses no reasonable or relevant case for a position taken;
- Contains offensive language; and/or
- Is supported only by material that *purports* to be independent expert evidence, but has in fact been prepared by a person who is not independent and/or does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Those hearing submissions may also refuse to take a submission further in whole or in part if believing that there allowing otherwise would be an abuse of the hearing process.
