**My submission:**

(Include whether you support or oppose the specific provisions or wish to have them amended, and the reasons for your views.)

I have not seen any data to convince me that the flooding situation you foresee will ever happen.

I cannot understand this process and need legal advice but the cost of the legal advice is beyond my means.

There is also not even time to seek legal advice or the time for a lawyer to come to terms with your predictions and prepare a case.

I do not accept that my land should be considered in a 1:100 flood zone when the conditions for that 1:100 calculation are not real now and will or maybe only real in 100 years.

(Please feel free to use additional sheets)

I would like the following decision(s) to be made with respect to this Variation:

I would like to see the prepared  
hazard overlay process to be stopped.  
I would like to see more careful  
monitoring of local conditions

*(Please feel free to use additional sheets)*

All submitters have the opportunity to present their submission to Commissioners during the hearing process. Please indicate if you wish to speak to your submission

- I wish to speak to my submission
- I do not wish to speak to my submission  
(please note that with this option you will receive less correspondence in relation to the hearings but you can keep up to date on the TTPP website)

If any others making similar submissions wish to be heard:

- Yes, I would consider presenting a joint case with them
- No, I would prefer to present my own individual case

## Validity of Submissions

Please note that submissions may be struck out in whole or in part if authorities (including Council staff, Independent Commissioners or Legal authorities delegated jurisdiction with respect to such decision-making) deem any submission partially or entirely:

- Is frivolous or vexatious in its content;
- Discloses no reasonable or relevant case for a position taken;
- Contains offensive language; and/or
- Is supported only by material that *purports* to be independent expert evidence, but has in fact been prepared by a person who is not independent and/or does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Those hearing submissions may also refuse to take a submission further in whole or in part if believing that there allowing otherwise would be an abuse of the hearing process.
