Variation being submitted on: Variation 2 – Coastal Natural Hazards Mapping

My submission: I refer to the Original Submission, dated 10.11.2022 and Further Submission, dated 30.06.2023 made in respect of the draft TTPP on behalf of the Snodgrass Road Submitters. With regard to the Coastal Natural Hazards Mapping (Variation 2), for this particular submission I am acting in my individual capacity as a landowner. I support the Variation mapping in that the Coastal Hazard Alert overlay has been removed from 2/75 Snodgrass Road (Sec 2 Orowaiti Blk III Kawatiri SD). I note that this does not impact the rules or policies and those will be dealt with separately. I make this submission notwithstanding the position set out in the aforementioned Original and Further Submissions made on behalf of the Snodgrass Road Submitters; that position still applies.

I would like the following decision(s) to be made with respect to this Variation: The Coastal Natural Hazards Mapping (Variation 2) to apply/remain.

Please indicate if you wish to speak to your submission: I do not wish to speak to my submission\*

If any others making similar submissions wish to be heard: Yes, I would consider presenting a joint case with them
