I do not support the TTPP Coastal Natural Hazards Mapping – Firstly the information supplied is inadequate and over our heads. It is hard, right impossible to make any balanced conclusion, or decision. As 84 year old I have no idea what LIDA is or its function. As a homeowner I feel this mapping is another knee jerk reaction, to an unproved land movement theory.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

I would like the following decision(s) to be made with respect to this Variation:

All submitters have the opportunity to present their submission to Commissioners during the hearing process. Please indicate if you wish to speak to your submission

☒ I do not wish to speak to my submission

If any others making similar submissions wish to be heard:

- ☐ Yes, I would consider presenting a joint case with them
- ☐ No, I would prefer to present my own individual case

Validity of Submissions

Please note that submissions may be struck out in whole or in part if authorities (including Council staff, Independent Commissioners or Legal authorities delegated jurisdiction with respect to such decision-making) deem any submission partially or entirely:

- Is frivolous or vexatious in its content;
- Discloses no reasonable or relevant case for a position taken;
- Contains offensive language; and/or
- Is supported only by material that *purports* to be independent expert evidence, but has in fact been prepared by a person who is not independent and/or does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Those hearing submissions may also refuse to take a submission further in whole or in part if believing that there allowing otherwise would be an abuse of the hearing process.
