**TO:** The Registrar of the Environment Court at Christchurch

## **INTRODUCTION**

1. Manawa Energy Limited (“Manawa Energy”) wishes to be a party to the appeal by Transpower New Zealand Limited (the “Appeal” and the “Appellant”) against parts of the decision of Te Tai o Poutini Plan Committee on the Proposed Te Tai o Poutini Plan (“Proposed TTPP”).
2. Manawa Energy made a submission<sup>1</sup> on the Proposed TTPP, including on provisions relating to the subject matter of the Appeal.
3. Manawa Energy also has an interest in the Appeal that is greater than the interest the general public has. Manawa Energy owns approximately 510MW of hydroelectricity generation assets throughout New Zealand which consist of 38 hydro-electric power stations across 25 individual schemes. In the West Coast Region, Manawa Energy owns and operates the Arnold power station, and the Dillmans, Kaniere Forks/McKaysCreek, and Wahapo hydro-electric power schemes, which are all connected to the local distribution network. Given its activities in the West Coast Region, Manawa Energy has a direct interest in many of the provisions of the Proposed TTPP, including provisions raised in the Appeal.
4. Manawa Energy is not a trade competitor for the purpose of section 308C or 308CA of the RMA.

## **INTEREST IN THE APPEAL**

5. Manawa Energy is interested in those parts of the Appeal that relate to:
  - (a) the Strategic Directions Overview;
  - (b) ECO-P3, ECO-P7, ECO-P8, ECO-P10, ECO-P11; and
  - (c) ECO-R1, ECO-R2, ECO-R7, ECO-R9, ECO-R10, ECO-R11, and ECO-R12.

## **POSITION ON RELIEF SOUGHT**

6. Manawa Energy supports the relief sought in the Appeal relating to the above for the reasons set out in the Appellant’s notice of appeal.

<sup>1</sup> Submission #438 dated 28 October 2022.

## **MEDIATION**

7. Manawa Energy agrees to participate in mediation or other alternative dispute resolution in respect of the proceedings.
