To The Registrar
 Environment Court
 Christchurch

1 Bathurst Resources Limited (**'Bathurst'**) and BT Mining Limited (**'BT'**) wish to be a party to an appeal by Buller District Council (**'Appellant'**) in relation to decisions on the Proposed Te Tai o Poutini Plan (**'TTPP'**) (Court reference: ENV-2025-CHC-000131).

2 Bathurst and BT:

a Are persons who have an interest in the proceedings that is greater than the interest that of the general public. Bathurst and BT currently own and operate coal mines within the Buller District. The Stockton Mine is currently operative and two further mines, the Mt William North and Coalbrookdale mines, are proposed to be developed in the future by Bathurst and BT. The Appellant's relief includes amendments to provisions that relate to the operation and development of these mines.

b Made submissions (number S491) and further submissions (number FS89) about the subject matter of the proceedings.

3 Bathurst and BT are not trade competitors for the purposes of section 308C or 308CA of the Act.

4 Bathurst and BT are interested in part of the proceedings.

5 The part of the proceedings that Bathurst and BT are interested in relate to:

a Providing for the operation and development of coal mining and ancillary activities; and

b The requested changes to ECO-R1.

6 Bathurst and BT conditionally support the Appellant's relief insofar as it is consistent with their appeal and where the relief sought by the Appellant seeks to ensure the TTPP:

a Recognises the significance of the existing mining infrastructure and the mining and mineral resources on the Buller Plateau to the local, regional, and national economies;

- b Enables the existing and future coal mining of regionally and nationally significant coal deposits;
 - c Will promote the sustainable management of the natural and physical resources in the West Coast, and will be consistent with Part 2 and other provisions of the Act;
 - d Will meet the reasonably foreseeable needs of future generations;
 - e Will enable the social, economic and cultural well-being of the people of the West Coast;
 - f Will give effect to the West Coast Regional Policy Statement; and
 - g Is the most appropriate way to achieve the objectives of the TTPP, in terms of section 32 of the Act.
- 7 Bathurst and BT agree to participate in mediation or other alternative dispute resolution of the proceedings.

Dated: 2 February 2026

Christina Sheard
Counsel for Bathurst Resources Limited and BT Mining Limited
