To The Registrar
 Environment Court
 Christchurch

- 1 Bathurst Resources Limited (**'Bathurst'**) and BT Mining Limited (**'BT'**) wish to be a party to an appeal by Department of Conservation (**'Appellant'**) in relation to decisions on the Proposed Te Tai o Poutini Plan (**'TTPP'**) (Court reference: ENV-2025-CHC-000111).
- 2 Bathurst and BT:
 - a Are persons who have an interest in the proceedings that is greater than the interest of the general public. Bathurst and BT currently operate coal mines within the Buller District. The Stockton Mine is currently operative and two further mines, the Mt William North and Coalbrookdale mines, are proposed to be developed in the future by Bathurst and BT. The Appellant's relief includes amendments to provisions that relate to the operation and development of these mines.
 - b Made submissions (number S491) and further submissions (number FS89) about the subject matter of the proceedings.
- 3 Bathurst and BT are not trade competitors for the purposes of section 308C or 308CA of the Act.
- 4 Bathurst and BT are interested in all of the proceedings.
- 5 Bathurst and BT are interested in the following particular provisions:
 - a All of the changes to provisions requested in the Appellant's appeal, including changes to indigenous vegetation clearance limitations.
- 6 Bathurst and BT opposes the Appellant's relief sought, insofar as it is inconsistent with the relief sought by Bathurst and BT's appeal, because the relief sought by the Appellant will mean that the TTPP will not:
 - a Recognise the significance of existing mining infrastructure and the mining and mineral resources on the West Coast and Buller Plateau to the local, regional, and national economies
 - b Enable the existing and future coal mining of regionally and nationally significant coal deposits;

- c Promote the sustainable management of the natural and physical resources in the West Coast, or be consistent Part 2 and other provisions of the Act;
 - d Meet the reasonably foreseeable needs of future generations;
 - e Enable the social, economic and cultural well-being of the people of the West Coast;
 - f Give effect to the West Coast Regional Policy Statement; and
 - g Be the most appropriate way to achieve the objectives of the TTPP, in terms of section 32 of the Act.
- 7 Bathurst and BT agree to participate in mediation or other alternative dispute resolution of the proceedings.

Dated: 2 February 2026
