To: The Registrar of the Environment Court at Christchurch

**KIWI RAIL HOLDINGS LIMITED ("KiwiRail")** wishes to be a party to an appeal by Grey District Council ("**GDC**") against parts of the decision of Buller District Council, Grey District Council and Westland District Council on the Proposed Te Tai o Poutini Plan ("**Proposed Plan**").

#### **Nature of Interest**

1. KiwiRail made a submission on the Proposed Plan about the subject matter of the proceedings. KiwiRail also has an interest in these proceedings greater than the general public has as the operator of the rail network in the West Coast region.
2. KiwiRail is not a trade competitor for the purpose of sections 308C or 308CA of the RMA.

#### **Extent of Interest**

3. KiwiRail is the State-Owned Enterprise responsible for the management and operation of New Zealand's national railway network including within the districts subject to the Proposed Plan and a network utility operator for the purposes of the RMA and the Proposed Plan.
4. GDC has sought amendments to various provisions in the Proposed Plan, including policies and rules in Part 2 – District-Wide Matters. KiwiRail is interested in the parts of the proceeding relating to the amendment of NOISE-R3.2.<sup>1</sup>
5. NOISE-R3.2 contains acoustic insulation requirements for new or altered buildings containing sensitive activities located 100 metres of the edge of the railway tracks. GDC seeks NOISE-R3.2 be amended to reduce the distance from 100 metres to 60 metres.
6. KiwiRail opposes the relief sought. The controls set out in NOISE-R3.2 are important to ensure that where development occurs near the rail corridor, the adverse health and amenity effects on adjacent uses resulting from the operation of the rail corridor, and potential reverse sensitivity effects on the rail corridor, are managed. The 60 metre distance sought by GDC is not sufficient to manage the adverse effects on sensitive uses located adjacent to the rail corridor. A distance of 100 metres from the rail corridor designation boundary

<sup>1</sup> Notice of Appeal by Grey District Council dated 8 December 2025 at [36(b)].

represents a reasonable compromise and allows adverse effects on the most affected sites to be appropriately managed.

7. KiwiRail considers the relief sought has the potential to constrain the ongoing efficient operation and future development of the rail network, which is regionally and nationally significant infrastructure.

#### **Relief Sought**

8. KiwiRail opposes the relief sought because it:
  - (a) will not promote the sustainable management of natural and physical resources within the Buller District, Grey District and Westland District, and is therefore inconsistent with Part 2 and other provisions of the RMA;
  - (b) will not meet the reasonably foreseeable needs of future generations;
  - (c) will not enable the social, economic and cultural wellbeing of the people of the Buller District, Grey District and Westland District;
  - (d) will not facilitate the efficient use and development of natural and physical resources;
  - (e) will not avoid, remedy or mitigate actual or potential adverse effects on the environment; and
  - (f) is not the most appropriate way to achieve the objectives of the Proposed Plan in terms of section 32 of the RMA.

**Alternative Dispute Resolution**

9. KiwiRail agrees to participate in mediation or other alternative dispute resolution of the proceedings.
